2020-21 Bell Schedule for Remote Learning

A “4 x 4” block schedule provides students the opportunity to take 80-minute classes every day and finish courses in one semester rather than a full school year. Periods 1 - 4 are in the Fall semester and periods 5-8 in the Spring semester.

**Synchronous learning** is online or distance education that happens in real time. Teachers will use a variety of instructional methods including, but not limited to direct instruction, demonstrations, small group learning, discussions, virtual quizzes or polling of students, etc.

**Asynchronous learning** occurs within Canvas without real-time interaction. Modules are posted on Mondays and include instructions and tasks for students to complete.
