The Marin Science Seminar is a series of extra-curricular science lectures held during the school year and consisting of hour-long programs in all areas of science, engineering and mathematics. Specialists speak to high school students on a topic and there is a discussion period afterwards.

**Dates:** Six **Wednesdays** per semester, **7:30 – 8:30 pm**

**Location:** Terra Linda High School, 320 Nova Albion Way, San Rafael – **NEW!** Innovation Hub (Park or enter by the San Rafael City Schools entrance, the entrance to the IH is by staff parking, through the courtyard on the 1st floor.)

### Fall 2022 Series

- **Sept. 21:** *Cutting Edge Research on Elephant Seals at Año Nuevo Reserve* with Allison Payne, PhD student at UC Santa Cruz
- **Sept. 28:** *Video Games, The Metaverse and the Future of Science Education* with Dane Lancaster of XRMarin and the Marin County Office of Education
- **Oct. 12:** *Understanding Air Quality Data in the Bay Area* with Michael Flagg of Bay Area Air Quality Management District
- **Nov. 9:** *I’m a Botanist* (and unfortunately I don’t know why your succulent isn’t flowering!) with Sarah Jacobs PhD of the California Academy of Sciences
- **Nov. 16:** *The Genetics Behind Eye Degeneration in Cave-dwelling Crustaceans* with Meredith Protas PhD of Dominican University, San Rafael
- **Nov. 30:** *Discovering Drug Therapies for COVID and Long COVID* with Art Wallace MD PhD of VA Medical Center SF and UC San Francisco

### Important Info.

*Masks are required* at all Marin Science Seminars this semester. *No eating or drinking* is allowed in the Innovation Hub. *Extra Credit forms and sign-in* sheets are available at the events for those attending for credit. There will still be Q&A and discussion. Thank you for your patience and understanding!
