Dear Terra Linda Parents and Guardians:

I am excited for next week as we transition to our hybrid learning schedule and welcome 560 students to campus for in-person learning! Our freshman students are still familiarizing themselves with campus and our Associated Student Body (ASB) students created a welcoming video for them. Due to the construction of the new Competition Gymnasium and frontage area, the Main Office is no longer accessible and the Temporary Main Office has been relocated to the Innovation Hub. For more information about the project, you can view this TLHS Competition Gym and Frontage Improvements Presentation. A reminder that parking will be impacted during construction, with the completion date being July 2022.

Hybrid Schedule Activity:
Tomorrow, Thursday 3/11, teachers will walk hybrid students through an activity that will help them better understand their typical week in the modified hybrid learning schedule. Students will fill in this worksheet. The Spring Master Schedule for Hybrid Class shows students which classes will be split cohorts and will thus follow hybrid learning schedule 2. Please note that these numbers are fluid as students continue to move to remote. We will notify students and parents should a split cohort get down to 14 and allow for students to attend that period in-person two days a week versus one. We also encourage students to use the “Find Your Entrance Video” to identify the entry point on campus that is closest to their first class. If your student is currently a hybrid student but would like to become remote, they can do this at any time by emailing Assistant Principal, Lauren Inman (linman@srcs.org) or by calling the front office (415)492-3101. We cannot accommodate requests to go from remote to hybrid at this time.

Hybrid Learning Begins Next Week:
Over the past two weeks, we have prepared students for their return to campus by hosting Safety Trainings in students’ Advisory classes. This Terra Linda High School Student Safety Video details the protocols in place for in-person learning. Hybrid/In-Person Instruction will begin in periods 5-8 on Tuesday, March 16 following our Hybrid Bell Schedule. For any periods in which a teacher is remote, students will participate in class remotely as well (via Zoom). Students should not plan to be on campus during class if their teacher is remote, and should instead only plan to attend hybrid/in-person classes when an instructor is present. In rare cases when a student is unable to arrive/leave campus due to transportation and needs to access a class via zoom on campus, we will offer you space to take that teacher’s class remotely at school in a Student Study Center (Library, Student Commons or Cafeteria).

Midterms March 25th-26th:
Midterms for Term 3 will occur on Thursday, March 25th and Friday, March 26th. In an effort to cause the least amount of disruption to the new Hybrid schedule, students will follow the Midterm Schedule here and listed below.

<table>
<thead>
<tr>
<th>Thursday, March 25:</th>
<th>Friday, March 26:</th>
</tr>
</thead>
<tbody>
<tr>
<td>O Period (Midterm Part 1) 7:55-8:55 AM</td>
<td>O Period (Midterm Part 1) 7:55-8:55 AM</td>
</tr>
<tr>
<td>5th Period Midterm 9:00-11:00 AM (Remote)</td>
<td>7th Period Midterm 9:00-11:00 AM (in-person)</td>
</tr>
<tr>
<td>6th Period Midterm 12:30-2:30 PM (in-person)</td>
<td>8th Period Midterm 12:30-2:30 PM (Remote)</td>
</tr>
</tbody>
</table>
Term 3 will conclude on March 26th. In a 4x4 schedule, this is considered the end of a semester. Marks from this term will appear on your child’s transcript. If your child is currently not passing a class, we encourage them to reach out to the teacher to discuss ways in which they can raise their grade. Counselors can also make a tutoring referral for core subject areas.

Chromebook Distribution for 9th-11th grade Hybrid Students:
Students attending in-person in grades 9th-11th who do not have an SRCS Chromebook, or students who were distributed a Chromebook last Spring and would like to exchange for a newer model are to check out a Chromebook next week. More details about when, where and how can be located in this flyer.

Information about Measures G (High Schools) and H (Elem/Middle Schools):
The SRCS Board of Education has placed Measures G and Measure H on the May 4, 2021 ballot. Measure G would renew funding for local high schools, while Measure H would renew funding for elementary and middle schools. If approved, Measure G would add $36 to the current $196 rate per parcel, for a total of $232 per parcel. Both measures include 3% annual adjustments to account for inflation and would automatically expire after eight years. By law, funds from Measures G & H may only be used for voter-approved purposes, including:

- Enhancing math, science, technology, music and art instruction
- Attracting and retaining quality teachers
- Protecting quality core academic instruction programs like math, science and reading
- Maintaining small class sizes
- Preparing students for college and 21st-century careers

Kaiser Vaccine Clinic at TLHS Gym:
Beginning in February, 2021 Kaiser began leasing the TLHS Gymnasium to use as a Community Vaccination Clinic. At the time Marin County was in the purple tier and the gymnasium was not accessible for our student-athletes due restrictions on indoor activities. Now that we have moved into the red tier, high school sports can resume under new safety guidelines. Our contract with Kaiser officially ends on April 6th, and we have secured Miller Creek’s gymnasium for volleyball and basketball practices until our TL gym is accessible. To read more about the latest TLHS Athletic Updates, click here.

Thanks for your continued support and partnership.

Sincerely,
Katy Dunlap | Principal | Terra Linda High School
