Dear Terra Linda Parents and Guardians:

Having just completed Term 1, we are well on our way to students having completed their first set of courses for the fall. With the 4 x 4 schedule, all students will be assigned new teachers and courses in January 2021. Students received 5 credits per class at the end of Term 1 on their transcript and will receive 5 additional credits on their transcript at the end of Term 2. Letter grades are being assigned to each class. Students can also view their spring schedule in our Aeries portal. Please note that Spring schedules are still subject to change, but students can reach out to their Counselor with questions.

As mentioned previously, our faculty is committed to offering the very best distance learning program possible until we can resume in-person instruction. We welcome your feedback and thank you for your continued support. If you have questions or concerns about a class, please contact the teacher directly.

To learn more about how to view transcripts through our Student Information System (AERIES), as well as get updates by grade level, please visit our November Counseling Newsletter here. We will be starting our first cohorts (Learning Hubs) back on campus next Monday, November 9th. We are inviting students who have no or limited access to technology at home, students with accommodations, and students who are not passing classes, to return to help them reach their academic goals. We hope to be able to make available more cohorts to students in the near future. For more information about Learning Hubs, email Assistant Principal, Rob Celli, at rcelli@srs.org. For more information related to Covid and re-opening schools, please view our Parent COVID Handbook (Tier 3) in English and Spanish.
